

CleanGreen®

Liquid 4-1-1

Guaranteed Analysis

Total Nitrogen (N)4.0%
3% Water Soluble Nitrogen
1% Water Insoluble Nitrogen
Available Phosphate (P₂O₅).....1.0%
Soluble Potash (K₂O).....1.0%

Derived from: Hydrolyzed Fish

Organic

Organic

Directions: Circulate well before using. Mix a minimum of 5 parts water to 1 part H.F.F. (Mix 1 to 1 with water when injecting through a pivot). When applying with fertilizers or herbicides, mix in H.F.F. last.

Applications: Can be applied all ways to soil or foliar fed at every stage of growth. Apply 1 to 8 gallons per acre, per application. Can be used as a starter fertilizer at rates up to 4 gallons per acre.

Caution: *Do not store diluted. Keep out of reach of children. Always jar test before mixing.*
